

International Exchanges

IESA arts&culture is a private institution of higher education located in the center of Paris, specialized in the management of the arts (art markets; art curation; performing arts; cultural mediation). IESA (Institut d'Etudes Supérieures des Arts) hosts about 700 students, 100 of which attend programs in English.

IESA education methods combine the critical study of works of art with the acquisition of practical skills for students interested in fairs, exhibitions, multi-media projects, and performing art events. Students build attractive networking possibilities by meeting professionals in a variety of sectors: museum curators, directors, gallerists, artisans, art experts, production managers in music, theatre, or cinema, and cultural mediators. Students are also invited to look for an internship, using the IESA network.
